

## Hybrid cooperative complexes of hyaluronic acid (NAHYCO<sup>®</sup> technology): innovation in viscosupplementation

Chairperson: *Ladislav Šenolt, MD, PhD*

### Welcome and introduction

*Ladislav Šenolt, MD, PhD*

Professor of Medicine, Institute of Rheumatology  
Prague, Czech Republic

### The "hybrid cooperative complexes" of high and low MW hyaluronic acid (NAHYCO<sup>®</sup> technology): what's behind in practice

*Michele Abate, MD, PhD*

Specialist in Physical Medicine and Rehabilitation  
Department of Medicine and Science of Aging, University G. d'Annunzio  
Chieti, Italy

### Clinical experience with Sinovial<sup>®</sup> HL, the new product based on NAHYCO<sup>®</sup> technology

*Maros Varga, MD*

Department of Orthopaedic/Sport Arthroscopic Centre  
1<sup>st</sup> Private Hospital  
Kosice-Saca, Slovak Republic

### Discussion and conclusion

*Ladislav Šenolt, MD, PhD*
